

# Pupil premium strategy statement

This statement details our school's use of pupil premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

## School overview

Detail	Data
School name	Maidensbridge Primary
Number of pupils in school	200
Proportion (%) of pupil premium eligible pupils	5.5% (11)
Academic year/years that our current pupil premium strategy plan covers	2024-2025
Date this statement was published	18.09.24
Date on which it will be reviewed	01.09.25
Statement authorised by	Mrs K Thomas, Headteacher
Pupil premium lead	Mrs G Morgan, Deputy Headteacher
Governor / Trustee lead	Mr M Jones, lead for pupil premium pupils

## Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£32 000
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
<b>Total budget for this academic year</b> If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£32 000

# Part A: Pupil premium strategy plan

## Statement of intent

Our intention is that all pupils in our school, irrespective of circumstance and background will achieve well and make good or better progress in all areas of the curriculum in each year of learning at Maidensbridge.

The focus of our Pupil Premium Strategy is to ensure that our most vulnerable pupils have equity as well in equality in school. Our pupil premium children need access to resources to enable them to achieve well and make good progress, as well as always accessing high quality wave one teaching. This includes ensuring that these children attend school regularly.

Research from the EEF has proven that the best way to close the attainment gap for pupil premium children is high-quality wave one teaching as well as effective and frequent feedback.

We will carefully identify the challenges and barriers to learning of our pupil premium children and make sure that our strategy reduces these barriers.

To ensure our strategy is successful we will:

- involve the views of our pupils and their parents or carers
- provide CPD for staff and ensure lessons have high expectations and challenge for all
- regularly review the impact of our strategy and make adaptations if necessary

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	<p>Overall attendance for pupil premium children for the year 23-24 was 93.73%. This is similar to last year's 94%. It is therefore still 1% below the school the school average of 95%.</p> <p>Attendance monitoring has also shown that 3 pupil premium pupils have a high rate of persistent absence. This was largely due to appointments, sickness, holidays and a hospital stay.</p> <p>Lateness is no longer an issue for these children.</p>
2	<p>Assessments and observations of our youngest children in Reception on entry to school show that there are still some children with undeveloped</p>

	oral language skills and vocabulary gaps and underdeveloped physical skills including children's core strength which affects their readiness to write.
3	<p>Though most pupil premium pupils made the expected progress in the year 23-24. Some individual pupils did not make the expected progress in specific areas.</p> <p>Last academic the percentage of SEND/SEMH was (7) 35% and there are 3 (18%) with an EHCP.</p> <p>A barrier again this year is that (4) 24 % of our pupil premium children are also SEND/SEMH. (1) 9% of our pupil premium children have an EHCP.</p>
5	Our observations and discussions with families have indicated that some of our pupil premium children are suffering with greater social and emotional issues.
6	After discussions with our pupil premium children, they are keen to join in the extended life of the school and improve their mental health and wellbeing through accessing clubs and activities with their peers.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Our Pupil Premium children will have an attendance of 96% or above and will not be persistent absentees.	Attendance monitoring will show the pupil premium attendance at 96% and persistent absenteeism for pupil premium children will have reduced to below the national rate.
Our reception children will be 'year one ready' by the end of the year.	Pupil premium children will achieve a 'good level of development' on the EYFS framework shown through analysis of EYFS data.
Our Pupil Premium children will make good or better progress from their last statutory starting point.	School data will show the pupil premium children in the correct part of the learning matrix to show that they have made good or better progress in reading, writing and maths. This will be triangulated with books and pupil voice.
Our Pupil Premium children will make good or better progress from their last statutory starting point in phonics.	School data will show the pupil premium children in the correct part of the learning matrix to show that they have made good or better progress in reading.

<p>Our Pupil Premium children’s emotional health and wellbeing will be supported in class using nurture strategies identified in our relationships policy and through targeted nurture and Elsa sessions if appropriate.</p>	<p>Pupil voice will highlight that Pupil Premium children feel emotionally supported in school. For those children who attend nurture sessions the BOXALL profile will show improved SEMH needs.</p>
<p>Our Pupil Premium children will feel fully included in life at Maidensbridge and will access a range of opportunities through varied experiences and extra-curricular activities.</p>	<p>Pupil voice will highlight that pupil premium children have enjoyed their extra-curricular experiences and that they feel part of the school community. Analysis of attendance at extended school activities, will show that all pupil premium pupils attend at least one club and an increased participation overall.</p>
<p>Our Pupil Premium children will have access to relevant tutoring or other appropriate accelerated learning strategies.</p>	<p>End year data for 2024-2025 will show that pupils have closed the attainment gap with non-pupil premium pupils. Data will show that pupil premium children have made good or better progress from their starting points.</p>

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

### Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £27,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Century Learning  <a href="#">CENTURY   Online Learning   English, Maths and Science</a>	Research shows that children’s long-term learning is built through a progression of knowledge and skills and many opportunities to bounce back and remember previous learning.  CenturyTech is a computer programme that allows children to work through their own learning pathway at age-appropriate expectations for reading, writing and maths. The artificial intelligence will bounce back previous learning as well as adjust questions to get easier or harder. This also supports remote learning if necessary.	2
Quality wave one teaching	Research from the EEF shows that quality wave one teaching is the most effective tool to accelerate progress for pupil premium children. An investment in highly trained teachers with the most recent training in pedagogy and allowing the Deputy to close gaps when they arise for pupil premium children through quality feedback in lessons.  <a href="#">Feedback   EEF (educationendowmentfoundation.org.uk)</a>	5
Elsa Training for Nurture lead	<a href="https://www.elsa-support.co.uk/what-is-elsa-intervention/">https://www.elsa-support.co.uk/what-is-elsa-intervention/</a>  School is part of the Dudley Educational Psychology Service fully funded 6-day ELSA Training course beginning in Autumn Term 2024, for an identified member of staff to be trained as an ELSA.  This provision will support children with their emotional literacy.	5

<p>Phonics Development Days to analyse data and effectiveness of tutoring and daily phonics sessions.</p>	<p><a href="#">Phonics   EEF (educationendowmentfoundation.org.uk)</a>  Read Write Inc has been approved by the DFE as an effective resource for the teaching of phonics  <a href="#">Choosing a phonics teaching programme - GOV.UK (www.gov.uk)</a>  We continue to fund consultant and development days to ensure the integrity of the programme and to ensure our staff continue to learn best practice for phonics, resulting in children achieving.</p>	<p>3</p>
<p>Wellcomm training for all staff.</p>	<p><a href="#">Wellcomm</a>  Early identification of any speech and language difficulty or delay is key to the progressive development of a young child's overall development. It is therefore important to ensure that all practitioners have a good awareness of what represents appropriate development at each stage, and have access to programmes that assist them to support children's language.  All staff will receive training to help identify and support pupils.</p>	<p>3</p>
<p>Accelerated Reader</p>	<p>Reading is the basis of all learning. Children who cannot read well by the end of primary school will struggle through secondary and achieve less well at GCSE level.  Accelerated reader provides wider reading, challenge, accuracy checking and extensive reports for staff to be able to assess the children's reading ability and progress.</p>	<p>3</p>
<p>TT Rockstar's</p>	<p>Knowing the times tables supports mathematical learning and understanding and those children who have a strong grasp of them are more confident when learning new concepts.  Times table Rockstar's helps pupils improve their recall speed of times tables and boosts times table confidence.</p>	<p>2</p>
<p>Believe to Achieve</p>	<p>Believe to Achieve is a creative community charity working with children and young people. They provide school-</p>	<p>5</p>

	<p>based workshops and programmes. Pupil premium children will have opportunities to access counselling services in school to support their mental health.</p> <p><a href="https://www.b2a.org.uk/">https://www.b2a.org.uk/</a></p>	
--	---	--

### Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £3,500

Activity	Evidence that supports this approach	Challenge number(s) addressed
Early morning maths tuition	Small group early morning maths tuition to develop confidence and arithmetic skills will be offered to pupils in Year 5 and 6.	2
Get Moving Sessions	Children who would benefit from the Get Moving and programme will be invited to early morning Get Moving sessions in Key Stage 2. In Key Stage 1 these interventions will be delivered in a daily session in the school day.	3
RML Phonics 1:1 tutoring during breakfast sessions and throughout the day.	<p><a href="#">Phonics   EEF (educationendowmentfoundation.org.uk)</a></p> <p><a href="#">Choosing a phonics teaching programme - GOV.UK (www.gov.uk)</a></p> <p>Children will be identified from the Ruth Miskin assessments and will have access to 1:1 tutoring throughout the school day.</p> <p>Breakfast phonics sessions will also be offered during the Spring Term.</p>	3
Century Tech	<p><a href="#">CENTURY   Online Learning   English, Maths and Science</a></p> <p>Children will be set nuggets to complete at home based on gaps in their learning from assessments and teacher assessment. Information collected will</p>	2

	tell the teacher if this element of learning has been secured before moving on. This can also be used for pre-teaching to assess gaps before a unit is being taught to ensure the wave one teaching is effective.	
Language Interventions	<p><a href="#">/oral-language-interventions</a> <a href="#">Wellcomm</a></p> <p>Reception staff will use baseline information and Wellcomm assessments to identify children who would benefit from the Wellcomm programme. This will then be delivered through wave one teaching or small group interventions.</p> <p>Year One, Year Two and Key Stage 2 staff will screen and deliver interventions as identified.</p>	3
Early Intervention	<p><u>Physical Development Support</u></p> <p>Reception staff will use baseline information to identify children who would benefit from the Get Moving and programme.</p> <p>Sticky Kids will also be used to support physical development.</p> <p>Our handwriting scheme 'Letter-Join' will also help skills which will also support children's readiness to write.</p>	

## Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £1,500

Activity	Evidence that supports this approach	Challenge number(s) addressed
Attendance monitoring weekly. Certificates and rewards for improved attendance.	Research shows that consistent good attendance at school will ensure gaps in learning do not widen. Attendance will be monitored regularly by the attendance officer. Letters are to be sent to those with low attendance about the importance of attendance. Parents will also be invited into	1

	<p>school to attend informal meetings to discuss barriers and support.</p> <p>Rewards and certificates are given out termly for 100% attendance.</p>	
Funded after school clubs to support engagement in a variety of activities.	A variety of after school clubs will be funded for our pupil premium children to encourage engagement with the community and extending learning and activity after school.	2
Funded music lessons.	Music tuition offered by DPA will be funded for our pupil premium children to encourage wider experience of the arts.	2
Funded Forest school sessions	Forest school sessions will be provided by a trained forest schools leader.	5
Funded residentials	Funding to help support the cost of school residentials for our pupil premium children to encourage engagement and extending learning and activity beyond school.	3
Exposure to career opportunities	Our careers curriculum will encourage our pupil premium children to have high aspirations for the future.	4
Nurture Provision	Our Pupil Premium children's emotional health and wellbeing will be supported through nurture and Elsa sessions and support.	5
Sports Apprentice	<p>Our Sports Apprentice will allow for targeted play support to help the emotional health, well-being and engagement of our pupil premium pupils during break and lunchtime sessions.</p> <p>In addition to this, the sporting apprentice will allow for pupils to attend inter-school sports competitions and events.</p>	5
Sycamore Centre Support	Our Pupil Premium children's emotional health and wellbeing will be supported Sycamore Outreach support.	5

**Total budgeted cost: £32,000**

## Part B: Review of outcomes in the previous academic year

### Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2023 to 2024 academic year.

Overall attendance for PP children is now 93.73%. This was 2% below target. However, this was just 1% below the school average and in line with the previous year.

Three pupil premium pupils have a high rate of persistent absence. This was largely due to appointments, sickness, holidays and a hospital stay.

Lateness is no longer an issue for these children.

There are not any identified pupil premium pupils in Reception cohort 24-25.

#### Data

Internal assessments for 2023/24 showed that:

In reading 10 children out of 14 made the expected progress. Of those that did not make the expected progress, one child has an EHCP.

In writing 8 children out of 14 made the expected progress. Of those that did not make the expected progress, one child has an EHCPs.

In Maths 11 children out of 14 made the expected progress. Of those that did not make the expected progress, one child has an EHCPs.

There were 2 children that did not make the expected progress across all areas and some in specific areas. These children will be targeted further. They pupils have been highlighted to their new class teachers via pupil progress meetings.

For children who have attended, they have enjoyed their extra-curricular experiences and feel part of the school community.

47% of pupils have attended an after-school club. This is a 3% increase on last year.  
41% of pupils have attended 2 or more after school clubs. This is a 22% increase on last year.

12% (2 children) had subsidised individual peripatetic music lessons.

1:1 phonics tutoring helped a child pass the year 1 phonics screening check.

100% of age appropriate children accessed Century Learning.

100% of age appropriate children accessed TT Rockstars.

3 children attended morning maths and 4 children attended Get Moving sessions.

17% (3) have attended regular Nurture sessions or received nurture support.

12% (2 children) received support from the Sycamore centre.

During the last academic year, pupil premium children were also offered discounted residential and trips.

## Externally provided programmes

*Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England*

Programme	Provider

## Service pupil premium funding (optional)

*For schools that receive this funding, you may wish to provide the following information:*

Measure	Details
How did you spend your service pupil premium allocation last academic year?	No funds were recieved
What was the impact of that spending on service pupil premium eligible pupils?	N/A

## Further information (optional)

We have formulated our pupil premium strategy through conversations with children, analysis of previous data and trends. We have also read and reflected on the research and guidance from the EEF toolkit and used programmes with proven success such as Read Write Inc, Century and Wellcomm to ensure progress for our children.

We have planned for this strategy to be for this academic year due to the ever-changing situation of education for children and the changing context of our school. We have a small amount of pupil premium children, and we want to ensure that the spending is as personalised as possible and addresses the needs of the current children in school. Therefore, we will review this annually as new children join us and needs change for our pupil premium children.
