As part of our compliance with the Equality Act we have considered which information is suitable for publication. We consider it is not appropriate for us to collect/include some information from pupils in relation to some of the protected characteristics, including sexual orientation and gender identity. Age as a protected characteristic does not apply to pupils in schools therefore this has not been included as part of the published equality data.

The code of Practice for Official Statistics requires that reasonable steps should be taken to ensure that all published or disseminated statistics protect confidentiality. Therefore, totals are rounded and small numbers are suppressed. Therefore "x" refers to numbers less than or equal to 5 to protect confidentiality.
